

# What is CYMUNED?

Cymuned is a pressure group which believes:

- that the Fro Gymraeg exists, and that Cymraeg is its rightful language
- **that local people need to be able to afford houses in their own communities**
- that good quality jobs are needed in the Fro Gymraeg, not part-time, seasonal work
- **that there is a responsibility on people who move into the Fro to learn Cymraeg**

Cymuned is trying to improve the quality of life in the Fro Gymraeg through:

- **holding meetings with politicians to explain our ideas**
- arranging pickets in order to change the policies of private companies
- **holding protests in order to highlight the problems facing the Fro Gymraeg**

We are entirely dependent on the support of our members to finance our work. If you agree that Cymraeg should be supported in the Fro Gymraeg, and that local people need affordable housing, and that we need good quality work in the Fro, what about becoming a member of Cymuned? **The more members we have, the more jobs and houses will be available in the Fro.**

Contact Members of Cymuned receive a monthly newsletter from us, and play a crucial part in securing a better future for our Cymraeg-speaking communities. Why not fill in the form below right now? **Two minutes of your time could make a world of difference to us.**
